# COMPANY PROFILE

"Complete Print Solutions"

Print Layout was founded in December 2012 and was officially established as a sole proprietorship on February 28, 2013. In 2014, the business transitioned into a corporation — owned and managed by Rav3 International Corporation — to better serve its growing clientele and expand its reach.

What began as a simple search for a personalized Christmas gift turned into a passionate family endeavour. Faced with the challenge of finding high-quality, affordable customized items, the family decided to create their own — starting with mugs, one of the most practical and universally appreciated gift items.

From this humble beginning, Print Layout has grown into a full-service printing company offering a wide range of solutions, including paper products, stickers, signage, giveaways, bags, shirts, plaques, and more. Today, the company not only delivers quality print services but also shares its knowledge with aspiring entrepreneurs and businesses through products and services designed to uplift lives and empower communities.

We believe visual advertising plays a vital role in effective marketing and can significantly contribute to generating sales leads. Print Layout provides large format, offset, and digital printing services, along with an extensive selection of giveaway and souvenir products for corporate and personal events.

As one of the country's most innovative and complete print solutions providers, we are committed to delivering high-quality products and services at competitive prices.

As your printing specialist, Print Layout offers free consultations to help align your print requirements with your company's financial resources — without compromising professional quality or relevance to your organizational goals. Our skilled and experienced graphic artists are ready to turn your ideas into reality, providing creative input to ensure your materials are visually engaging and aligned with your brand identity.

We would be honored to fulfill your printing needs and build a mutually beneficial working relationship with you.

## VISION

To be the preferred business partner for every company and individual in their printing needs by providing them with the best printing solutions with maximum value, striving towards attaining the highest global quality standards in system processes.

## VALUES

• Integrity • Excellence • Customer Satisfaction • Innovation • Teamwork
